## **Action taken report of the Institution on feedback Report**

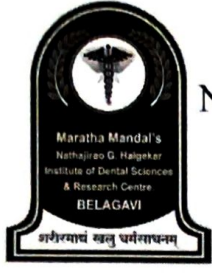

**Academic year 2017-18.**

It is decided to continue with the same curriculum for the year 2017-18 as there were no issues in the feedback analysis. Interactive sessions and discussion for students is introduced in curriculum which proved to be beneficial for students. Conducted meetings with student representatives, to discuss the issues related to curriculum and collected their inputs.

### Action taken report of the Institution on feedback Report

#### Academic year 2018-19.

Curriculum committee introduced additional change in the curriculum based on feedback analysis. Value added courses are introduced for all students. Interns are allowed to assist in clinical work, postings in CRL, and to involve in research activities. Chalk and talk lectures by teachers are encouraged.

### Action taken report of the Institution on feedback Report

#### Academic year 2019-20.

Change in curriculum is introduced to deal with pandemic situation. Conduct of theory classes and seminar presentations of undergraduate and postgraduate students on Zoom platform is encouraged. Added ICT-based, student-centric teaching method is facilitated in undergraduate and graduate study. Programs like innovative methods of teaching e.g., problem based learning, value added courses and enrichment courses, evidence based dentistry, peer assisted learning, group discussions etc is encouraged. Postgraduate training program is divided into modules to monitor the proper progress of teaching activities. In the first module, they receive training in the application of basic subjects and pre-clinical exercises. The follow-up modules are related to expert training in certain clinics.

## **Action taken report of the Institution on feedback Report**

### **Academic year 2020-21.**

It is decided to continue with the same curriculum as no issues were raised by the majority of the stake holders. ICT-based, student-centric teaching method is facilitated in undergraduate and graduate study. Programs like innovative methods of teaching e.g, problem based learning, value added courses and enrichment courses, evidence based dentistry, peer assisted learning, group discussions etc are added. To extend the horizon of knowledge in students, the institution is introduced conducting the lectures and sessions on trending topics such as Restorative and Laser dentistry.
