**RESPONSIBLE CONDUCT OF RESEARCH IN DENTISTRY**

Responsible conduct of research in dentistry, 1 day Online webinar on was conducted by Department of Public health and dentistry by Dr Ravi shirahatti, This webinar covered topics , need for dentist to conduct research, conflict of interest, code of ethics. Research activities are increasing in all the fields of medicine including dentistry but there is dearth of information about the knowledge, attitude and behaviour of dental professionals for ethical principles in research, especially in the developing countries like India. To assess knowledge, attitude and behaviour among dental professionals pertaining to research ethics. A conflict of interest occurs when an individual's private interest (or the interest of a member of his or her family) interferes, or even appears to interfere, with the interests of the Company as a whole.
