BLS WORKSHOP

There is a significant lack of knowledge regarding the typical signs and risk factors associated with serious medical conditions among medical students and laypersons. Keeping this in mind we started with training the staff, students of our college and also the common people in basic life support. The programme was started in 2016 on World Heart Day and has been successful till now. BLS generally refers to the type of care that first-responders, healthcare providers and public safety professionals provide to anyone who is experiencing cardiac arrest, respiratory distress or an obstructed airway. It requires knowledge and skills in cardiopulmonary resuscitation (CPR), using automated external defibrillators (AED) and relieving airway obstructions in patients of every age. The candidates are trained over 2 days. On the first day of the programme a pre workshop test is conducted to assess the basic knowledge of the participants. Then the lectures and hands on demonstrations are given to the participants over two days. During the programme various real life examples are given make them understand the concept of BLS and to perform BLS. The participants are trained individually and once they are well worse with the technique of BLS at various scenarios post work shop is conducted to assess them. The exam is held in MCQ, OSCE and OSCPE pattern. During the programme the candidates are provided CPR masks individually. The candidates are trained on interactive manikins and AED. All the aspects of BLS are covered. On successful completion of the course the candidates are awarded with a certificate and a placard of BLS training. In 2017-18, BLS Course was conducted on 29/6/17 & 9/4/18, Total 5 staff have been trained in BLS at Maratha Mandal's Nathajirao G. Halgekar Institute of Dental Sciences and Research Centre, Belagavi.

WORKSHOP ON MASTERING LAMINATE VENEERS.

On 18th August 2017

The Department of Conservative Dentistry and Endodontics of our institute conducted a workshop titled Mastering Laminate Veneers on 18th August 2017. The one day workshop included Lecture, Live Demonstration and Hands on. The speaker for the workshop was Dr Arvind Shenoy, Professor & HOD, Dept of Cons and Endo, College of Dental Sciences, Davangere. A total of 155 participants attended the Lecture and Live Demonstration. The hands on program was attended by 30 participants.

BASIC TECHNIQUE OF CELL CULTUR

A three day workshop on “Basic Techniques for Cell Culture” was organized by Department of Oral Pathology and Central Research Laboratory of our institute from 21th to 23th September 2017. The workshop comprised of series of lectures on tissue culture basics, cellular assays, Cell culture application in Dentistry, stem cells in medicine and Dentistry and protocols on stem cell isolation. The lectures were followed by Hands-on workshop on MTT Assay, IHC staining for stem cells. The workshop was attended by 30 delegates from all over the country. In house guest speakers for the workshop were: Dr. Kishore Bhat, Dr. Vijayalakshmi K, Mr. Vijay M.K, Dr. Chetana Bogar Invited guest speaker Dr. Aleem Ahmed Khan, Prof Head from Central laboratory for stem cell research translational medicine.

**VIth SCIENTIFIC PG CONVENTION
On 20th and 21st December 2017**

The 6th Scientific Post-graduate Convention was held on 20th and 21st December 2017. It was organized by the department of Oral Medicine and Radiology under the leadership of Dr Ramakant Nayak, Dean. Karnataka state dental council accorded 6 CDE points to the convention. The day began with inaugural ceremony by lighting of the lamp by President of Maratha Mandal Group of Institutions, Smt. Rajashree Nagaraju. The event was graced by the Organizing Chairman and Head of Department of Oral Medicine and Radiology Dr Renuka Ammanagi, Organizing secretary, Dr Praveena.T, Scientific Committee, Incharge Dr. Sujata Byahatti and Vice Principal, Dr Viraj Patil. The chief guests for the event were Dr Sandip Pattanshetti, a renowned radiologist and Dr Harsha Hegde, Scientist from ICMR Belagavi, who spoke on "Practical role of multimodality imaging in oral cavity & salivary glands" and "Research needs for mainstreaming of Traditional Medicine for Oral healthcare", respectively. There were 113 delegates which included staff and students. There were 42 scientific presentations, which were evaluated by the judges. The two-day program was concluded by awarding prizes to the winners and felicitating the judges.

INTERSTATE INTERDISCIPLINARY CASE PRESENTATION- SEASON

Department of Oral Pathology and Microbiology conducted IICP season 3 on 9th February 2018. All the PG department of various colleges attended the program. Guidelines for participation were given well in advance and each college was asked to send 3 best entries before 15th January 2018. The presented cases had to be: interdisciplinary treatment approach, innovative materials used in approach, innovative materials / equipment used and case series using the same treatment modality. The program started at 8:30 with registration followed by inauguration at 9 am and then continued with presentations, Session I had 6 presentations, session II and III had 5 presentations each. The program was concluded by valedictory function. The coordinators for the program were Dr. Vijayalakshmi Kotrashetti, Dr. Jagadish Hosmani, Dr. Deepa Babji and Dr. Smita Pattanshetti. Following colleges attend the program KLE VK Institute of Dental Sciences, Belagavi Tatyasaheb Kore Dental College & Research Centre, Waranagar Bharati Vidyapeeth Dental College & Hospital, Sangli School of Dental Sciences, KIMSDU, Karad Vasantdada Patil Dental College & Hospital, Sangli

**MISSING LINKS IN SCIENTIFIC WRITING"
ON 3rd August 2019**

The Central Research Laboratory of Maratha Mandal's NGH Institute of Dental Science & Research Centre organized a one day seminar cum workshop entitled "Missing Links in Scientific Writing" on 3rd August 2019. The experts from various renowned institutes such as Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh, National Institute of Pharmaceutical Education and Research (NIPER), Hyderabad, Indian Institute of Chemical Technology (IICT), Hyderabad, National Institute of Nutrition (NIN), Hyderabad and P.V. Narasimha Rao Telangana Veterinary University, Hyderabad have delivered lectures. The various topics covered include essential parts of scientific writing, concept of peer review, review of literature, reference, rapid communication, common manuscript problems, misconduct in scientific writing, and writing a case report. About 200 delegates registered for the seminar. The Karnataka State Dental Council awarded 6 credit points for the delegates who attended the seminar. The participants expressed that the seminar was very useful and right direction was given to write the scientific papers for their research work. The meeting was ended with the thanks to the speakers, team of CRL and the delegates. The organizers thanked Rajiv Gandhi University of Health Sciences, Bangalore and Indian Pharmacological Society (IPS) for sponsoring the seminar.
