CENTRE, BELAGAVI**

POLICY ON LOCKERS

Student lockers are available for students to keep their dental material related things at the college for their convenience. Student's lockers are situated at basement of the College. Students who wish to own lockers have to approach Office and the lockers are provided. Students are expected to get their own locks. College issued lockers are intended to use for the storage of Dental related materials only. Once student finishes his or her course, they have to vacate the locker. If a student fails to timely vacate his / her assigned locker space, he/she will be informed verbally once and later a notification is put on the locker. Despite of this if they fail to vacate the locker with the permission from the Dean the locker will be opened and the locker will be vacated.

In case if student loses his/her locker key he needs to complain the same to the Office and facilities will be made to open the locker. Any damage to the locker by the occupant will be charged.
